

JOIN OUR PILOT COURSES!

The REACT partners are preparing 3 pilot courses very soon.

Stay tuned and contact your national partner for more information.

PT

In Portugal, ISQ and Oeste Sustentável will implement the pilot course during October and November.

HR

In Croatia, REAN (Regionalna Energetska Agencija Sjever) will implement the pilot course in October.

GR

In Greece, SEERC (Kentro Erevnon Notioanatolikis Evropis Astiki Mi Kerdoskopiki Etaireia) will implement the pilot course in November.

REACT Training Course

The REACT training course qualifies for the European Energy Efficiency in Buildings Technician (EEEBT). The training course comprises 4 Competence Units:

- CU1 - Basics of Energy Efficiency in Buildings
- CU2 - Technologies for Energy Efficiency in Buildings
- CU3 - Methodologies for the application of Audit Methods
- CU4 - Monitoring of Energy Efficiency in Buildings

In each national training pilot (in Portugal, Croatia and Greece) only two competence units will be tested. Ask your national partner for information regarding which units are being tested in your country.

LATEST NEWS

Project Extension

The REACT project was scheduled to end in August 2021. Partners were granted an extension until December 2021 due to COVID impacts. This way, partners guarantee the expected quality in the activities to be implemented.

RPL Pilots

The Recognition of Prior Learning' pilots are being implemented in Portugal, Croatia and Greece. Workers without a qualification are going through the process and will be admitted in the training course' pilot in case of partial success/failure.

WHAT'S NEXT ?

Multiplier Events!

Partners are already planning the **National outreach seminar** for stakeholders in Greece and Croatia.

The project coordinator, Oeste Sustentável, is preparing the **REACT Final Conference**, with support of ISQ and attendance of all project partners.

The Final Conference will take place in the same week as the **last project meeting, in December**.

STAY TUNED FOR MORE OUTPUTS FROM REACT !

REACT SUMMARY

Name: REACT - A digital approach to qualifying technicians in Energy Efficiency in Buildings

Theme: Strategic Partnership for vocational education and training

Program: ERASMUS +

Total Budget: 284 475 €

Duration: September 2019 – August 2021

Partnership: 5 Partners (3 Countries: Croatia, Greece and Portugal)
